Sub: -Regarding support and contribution in enriching NTDB using SAHYOG App

Reference: -D.O. No. SM/34/28/2017 dated 18/11/2020

Sir /Madam,

May kindly refer to the annexed D.O. letter from Secretary, Department of Science &
Technology, Government of India addressed to Chief Secretary, Government of
Rajasthan wherein it is mentioned that Survey of India has taken initiatives for
producing, maintaining, and disseminating the National Topographic Data Base (NTDB)
of the country under Digital India Programme of Government of India.

In line with the objective, Survey of India (SoI) has developed mobile application
"SAHYOG" for all its intended users to support and contribute in preparing, updating
and enriching the NTDB. Vide this letter; request has been made to encourage the
employees of the State Government to download the App available on the Google play
store for collecting PoIs.

In view of above, the letter is forwarded to you for your kind perusal and further
necessary action please.

Encl: DO letter

Yours sincerely,

प्रो. आशुतोष शर्मा

18th November, 2020

Dear Chief Secretary,

The Digital India Programme is a flagship programme of the Government of India with a vision t transform India into a digitally empowered society and knowledge economy. Survey of India (SoI), th National Mapping Agency, under the Department of Science & Technology which bears the responsibilit for producing, maintaining, and disseminating the National Topographic Data Base (NTDB) of th Country, has also taken initiative in this direction.

2.   SoI has developed a mobile application named **"SAHYOG"** for its users viz., Government (Centr / State /PSUs) Department, Organizations, Institutions, Govt. employees, Academic Institutions, students and Citizen of India to voluntarily support and contribute in preparing, updating and enriching the NTDB Point of Interest (PoI) data collected using the **"SAHYOG"** application will be stored in the server managed and controlled by SoI in their premises and will be used for enriching content on the publi portal, for creating various applications for everyone's usage and would facilitate the building of our National data set with 'SAHYOG' of people of India.

3.   Further, the Department of Science & Technology (DST) has recently approved Road Map for Generation of High-Resolution National Topographic Data Base (NTDB) for the entire Country. In this attribute, collection is one of the important components where the PoI data layer will be used as a secondary source of information. This SAHYOG App can also be used by some of the Departments for collecting information of their own interest which can be shared back with them. To achieve the above, SOI will provide API Keys to register their employees on this app.

4.   To seek active support from the State Government in the endeavour to serve the people & country, may I request you to encourage the employees of the State Government to download the *SAHYOG* App available on the play store for collecting PoI. Presently, it is available on the android platform and the iOS version is under development phase. Government Departments/Agencies may contact SoI Nodal Officer as under:-

Col Sunil S Fatehpur, Director, GIS&RS, Survey of India, Hyderabad,
Phone No. : 040-27200430, Mob No: 9910318777,
email: sunilsfatehpur.soi@gov.in

With best wishes,
